

CAPSTONE PROJECT-2

TradeMax 360 – Enterprise Trade Promotion, Funds, Claims & ROI Management

1. Project Overview

Client: Zenith Beverages & Foods Ltd.

Industry: FMCG / Beverage & Food

Annual Revenue: ₹4,500+ Crore

Retail Network: 25,000+ Outlets

Key Accounts: 150+

Annual Trade Promotion Budget: ₹300 Crore

Zenith invests heavily in discounts, rebates, displays, bundles and seasonal promotions.

However, promotion planning and trade-spend management currently happen across spreadsheets, ERP systems and email approvals.

Management wants to implement **Salesforce Consumer Goods Cloud Trade Promotion Management (TPM)**.

2. Business Challenges

The organization faces:

- Decentralized promotion planning
- Poor visibility into annual trade plans
- Promotions created through spreadsheets
- No centralized promotion calendar
- Budget overruns
- Weak fund control
- Manual promotion approvals
- Incorrect discount calculations
- Slow claim settlement
- Duplicate claims

- Difficult financial reconciliation
- Limited promotion ROI analysis
- Limited sales-uplift visibility
- Difficulty identifying profitable promotions

3. Business Objective

Build an end-to-end TPM solution covering:

Annual Planning → Budget → Fund → Promotion → Tactics → Approval → Execution → Claim → Settlement → ROI

4. Phase 1 – Annual Business Planning

Create an annual trade plan.

FY 2026–27 Trade Plan

Category	Annual Sales Target	Promotion Budget
Beverages	₹500 Cr	₹35 Cr
Juices	₹250 Cr	₹15 Cr
Snacks	₹300 Cr	₹18 Cr
Dairy	₹200 Cr	₹12 Cr

Participants configure appropriate planning structures available in the training org.

5. Phase 2 – Trade Fund Management

Create trade funds such as:

National Promotion Fund

Budget: ₹30 Crore

Sub-funds:

National Trade Fund

Allocate budgets by:

- Customer
- Channel
- Region
- Product category
- Promotion period

6. Phase 3 – Promotion Calendar

Create an annual promotional calendar.

Period	Promotion
January	Republic Day Promotion
March	Holi Campaign
April	Summer Beverage Campaign
August	Independence Day Promotion

Period	Promotion
September	Ganesh Festival Campaign
October	Diwali Mega Campaign
December	Christmas/New Year Campaign

7. Phase 4 – Advanced Promotion Creation

Create:

Diwali Mega Sales Campaign 2026

Customer: MegaValue Hypermarket

Promotion Type: Customer/Product Promotion

Duration: 1 October – 31 October 2026

Budget: ₹50,00,000

Configure:

- Promotion Template
- Date From
- Date Thru
- Anchor Customer
- Promotion slogan
- Promotion products
- Promotion status
- Promotion calendar

8. Phase 5 – Promotion Tactics

Configure multiple commercial tactics.

Tactic 1 – Price Discount

10% discount on NovaCola 1 L.

Tactic 2 – Bundle Promotion

Buy 2 NovaCola 1 L + Get 1 MangoFresh 500 ML.

Tactic 3 – Display Program

Premium end-cap display for 30 days.

Tactic 4 – Volume Rebate

Retailer receives a rebate after achieving the defined volume threshold.

Participants associate tactics with appropriate products, customers and promotion periods.

9. Phase 6 – Promotion Approval Workflow

Create an approval structure.

Trade Marketing Executive

Regional Sales Manager

Trade Marketing Manager

Finance Manager

Approved Promotion

Example approval thresholds:

Promotion Spend	Approval
< ₹5 Lakh	Regional Manager
₹5–25 Lakh	Trade Marketing Manager
> ₹25 Lakh	Finance + Business Head

10. Phase 7 – Trade Spend & Budget Control

Track:

- Original Budget
- Allocated Budget
- Committed Spend
- Actual Spend

- Remaining Budget

Example:

Original Fund ₹50,00,000

Committed ₹35,00,000

Actual ₹32,50,000

Remaining ₹17,50,000

Create controls or notifications for budget thresholds where supported.

11. Phase 8 – Promotion Execution

Execute the promotion across selected retail accounts.

Track:

- Promotion status
- Participating customers
- Participating products
- Promotion tactics
- Displays
- Discounts
- Sales volume
- Execution compliance

12. Phase 9 – Claims Management

Retailer submits a claim.

Example

Customer: MegaValue Hypermarket

Promotion: Diwali Mega Campaign

Claim Type: Display Allowance

Claim Amount: ₹4,50,000

Process:

Claim Submitted

↓

Validation

Promotion/Fund Verification

Supporting Documentation

Approval

Settlement

Financial Reconciliation

13. Phase 10 – Claim Validation

Validate:

- Customer eligibility
- Promotion validity
- Promotion dates
- Product eligibility
- Claim amount
- Available fund
- Supporting evidence
- Duplicate claim possibility

Demonstrate:

Valid Claim → Approve

and

Invalid Claim → Reject / Return for Correction

14. Phase 11 – ERP / SAP Integration Design

Participants design an integration architecture such as:

Salesforce CG Cloud

APIs

Middleware / Integration Layer

SAP / ERP

Finance & Settlement

Integration scenarios include:

- Customer master
- Product master
- Pricing
- Inventory
- Orders
- Promotion financials
- Claims
- Settlement information

The capstone can require an **integration design/demo** rather than a live SAP system where one isn't available.

15. Phase 12 – Promotion Effectiveness

After promotion completion, analyze:

Baseline Sales

₹1.20 Crore

Promotion Sales

₹1.65 Crore

Sales Uplift

₹1.65 Cr – ₹1.20 Cr

= ₹45 Lakh

Sales Uplift %

$(45 / 120) \times 100$

= 37.5%

Participants then analyze promotion cost and the organization's defined ROI methodology.

16. Phase 13 – TPM Executive Dashboard

Create a **Trade Promotion Performance Dashboard**.

Executive KPIs

- Total Promotions
 - Active Promotions
 - Approved Promotions
 - Promotion Budget
 - Trade Spend
 - Committed Spend
 - Actual Spend
 - Remaining Budget
 - Claims Submitted
 - Claims Approved
 - Claims Rejected
 - Claim Settlement Value
 - Sales Uplift
 - Promotion ROI
 - Promotion Performance by Customer
 - Promotion Performance by Product
 - Trade Spend by Region
-

17. Phase 14 – Automation

Promotion Approval Flow

Promotion Created

Check Promotion Value

Route for Approval

Approved

Notify Promotion Owner

Budget Alert

Fund Utilization > 90%

Alert Trade Marketing Manager

Alert Finance

Claim Processing

Claim Submitted

Validation

Approval

Settlement

18. Capstone 2 Final Demonstration

Participants demonstrate the complete lifecycle:

Annual Business Plan

Trade Budget

Capstone 2 Deliverable

A functioning **Trade Promotion Management solution** demonstrating promotion planning, funds, approvals, claims, settlement and performance analytics
